June 30, 2026

PRESENTED BY: Christa Elms, City Treasurer

PREPARED BY: Christa Elms, City Treasurer

RECOMMENDATION: City Council accepts and files the Quarterly Investment Report.

STAFF REPORT: The City of Blythe has for many years invested all excess cash (cash not needed for daily operations) for all City funds and the Successor Agency with the California State Local Agency Investment Fund (LAIF). LAIF offers the City and the Agency liquidity and safety. There are more profitable investment instruments on the market, but risk increases with yield.

CITY OF BLYTHE
CITY COUNCIL MEETING

STAFF REPORT

MEETING DATE: July 14, 2026

SUBJECT: Acceptance of Community Enhancement Collaborative Grant Award for a Marine Enforcement Vessel

PRESENTED BY: Keith Walnoha, Acting Police Chief

PREPARED BY: Mallory Crecelius, Interim City Manager

RECOMMENDATION: It is recommended Council:

1. Authorize the Interim City Manager to execute any and all grant related documents, including any agreements between the City of Blythe, the Metropolitan Water District of Southern California, and the Palo Verde Irrigation District, once reviewed and approved by the City Attorney, for the acceptance of a grant in an amount not to exceed $185,000 for the purchase of a new marine enforcement vessel for the Blythe Police Department.
2. Authorize the Interim City Manager to accept the grant funds and to approve the purchase of the new marine enforcement vessel in an amount not to exceed $185,000, including executing any agreements required in connection with such purchase.

FISCAL IMPACT: Grant award not to exceed $185,000.

BACKGROUND: The Palo Verde Irrigation District (PVID)/Metropolitan Water District of Southern California (MWD) Community Enhancement Collaborative (CEC) is intended to provide funds to generate short- and long-term economic impacts and social benefits within our community. Over $8 million dollars in funding is available for direct investment in the Palo Verde Valley.

In August 2025, Council adopted a resolution authorizing staff to apply for CEC grants. One of the grants submitted by the Blythe Police Department was for the purchase of a new marine enforcement vessel to be used for patrol along the Colorado River.

STAFF REPORT: In May, the CEC notified the City that it had tentatively approved the City's grant application for a new marine enforcement vessel in an amount not to exceed $185,000. The award letter states the City's proposal strongly aligns with the mission of the CEC as established by MWD and PVID: "Accelerating the future of the Palo Verde Vally, now; building a collaborative and sustainable community with targeted investments."

This grant award will cover the purchase of a marine enforcement vessel for the Blythe Police Department. Staff is working on other grant opportunities for funding to outfit and equip the new boat for river patrol.

Therefore, staff recommends that Council authorize the Interim City Manager to

execute any and all grant related documents, including any agreements between the City of Blythe, the Metropolitan Water District of Southern California, and the Palo Verde Irrigation District, once reviewed and approved by the City Attorney, for the acceptance of a grant in an amount not to exceed $185,000 for the purchase of a new marine enforcement vessel for the Blythe Police Department. Staff also recommends that the Council authorize the Interim City Manager to accept the grant funds and to approve the purchase of the new marine enforcement vessel in an amount not to exceed $185,000, including executing any agreements required in connection with such purchase.

GRANT AGREEMENT AMONG THE METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA, PALO VERDE IRRIGATION DISTRICT, AND [NAME OF GRANTEE]

This Grant Agreement is entered into by THE METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA (MWD), PALO VERDE IRRIGATION DISTRICT (PVID), and [NAME OF GRANTEE] (Grantee), also each referred to individually as a "Party" or collectively the "Parties".

Explanatory Recitals

A. In 2023, the United States Bureau of Reclamation (Reclamation) entered into a System Conservation Implementation Agreement (SCIA) with MWD, to which PVID concurred. Under the SCIA, Reclamation agreed to provide funding to MWD in exchange for the creation of system conservation water through fallowing in PVID to benefit the Colorado River. In 2024 and 2025, MWD and PVID (Grantors) agreed to use a portion of the funding provided by Reclamation to help mitigate any potential impacts from the SCIA.

B. In 2025, Grantors established the Community Enhancement Collaborative (CEC) to make decisions regarding the funding of community improvement projects within PVID's service area with funding provided from Reclamation. Grantors also established a Community Advisory Committee (CAC) to evaluate potential projects and make funding recommendations for approval by the CEC.

C. In response to a request for proposals, Grantee submitted to the CAC a grant application dated [DATE], which is attached to this Grant Agreement as Exhibit A.

D. On [DATE], the CAC recommended that the CEC approve funding [DESCRIPTION OF CAC RECOMMENDATION]. On [DATE], the CEC approved funding [DESCRIPTION OF APPROVAL].

Exhibit A – Grant Application

Exhibit B – Metropolitan Conflicts of Interest Disclosure Form

BACKGROUND AND PURPOSE

State law and Metropolitan's internal ethics rules prohibit Metropolitan directors, officers, and employees ("Metropolitan officials") from making, participating in making, or attempting to influence any Metropolitan decision in which they have a triggering personal financial interest. A Metropolitan official may have a personal financial interest in a decision if it would foreseeably and materially affect the expenses, income, assets or liabilities of the official or an immediate relative as defined below. In some cases, a financial conflict of interest can render a contract void and require restitution of all payments. Conflicts of interest also can expose individuals to administrative or criminal penalties. In many cases, the conflict can be avoided if the Metropolitan official formally recuses himself or herself from the decision-making process.

Receiving or soliciting political campaign contributions also can require a Metropolitan director to publicly disclose the conflict and take no part in the decision-making process.

The following questions are designed to assist Metropolitan and its officials, as well as the Grantee, to recognize and avoid financial conflicts of interest. The details (such as dollar amounts) are based upon criteria within Metropolitan's internal ethics rules or state law. Metropolitan's Ethics Office will review and make a determination regarding whether any actual or potential disqualifying conflicts exist, and to review options for avoiding a conflict. Metropolitan may seek additional information from you to evaluate potential conflicts prior to any final decision.

Grantee must respond to each of the following questions. For any "yes" response, please provide a thorough explanation. (You may attach additional sheets.) Failure to fully disclose information or potential conflicts, may result in disqualification or rejection of the subject proposal, agreement, or contract.

If you have any questions or concerns about the requirements or how to respond to these questions, please contact Metropolitan's Agreement Administrator.

CITY OF BLYTHE
CITY COUNCIL MEETING

STAFF REPORT

MEETING DATE: July 14, 2026

SUBJECT: Annual Management Fee for BNB Golf Management, Inc.'s Management and Operation of the Blythe Municipal Golf Course

PRESENTED BY: Mallory Crecelius, Interim City Manager

PREPARED BY: Mallory Crecelius, Interim City Manager

RECOMMENDATION: Staff recommends Council authorize staff to issue payment to BNB Golf Management, Inc. in the amount of $60,000 for the annual Management Fee for the period of September 1, 2026 through August 31, 2027 in accordance with the terms of the Lease Agreement.

FISCAL IMPACT: $60,000 from the General Fund.

BACKGROUND: On August 3, 2010, the City and BNB Golf Management, Inc. ("BNB") entered into a Lease Agreement ("Agreement") for the operation and maintenance of the Blythe Municipal Golf Course ("Golf Course"). Major deal points included no financial uncertainties for the City, professional management of the course for both maintenance and operations, a vastly improved irrigation system at BNB's expense, revenue sharing once gross revenue reached $1 million in a given year, utilities paid by BNB, BNB using a Point-of-Sale system for financial management, and increased Sales, TOT and Property Tax from the successful operation of the Golf Course. The initial term of the Agreement was eight (8) years, commencing September 1, 2010 and ending August 31, 2018.

In 2011, the Agreement was amended to extend the term of the lease from eight (8) to fifteen (15) years, through August 31, 2025.

In May 2025, the City Council approved the Second Amendment to Lease Agreement extending the term an additional five (5) years and amending other provisions of the agreement, including adding a provision regarding payment of a Management Fee. The Agreement is currently set to expire on August 31, 2030.

STAFF REPORT: Pursuant to Section 4.02 of the Agreement, as amended by the Second Amendment, the City will pay BNB a monthly Management Fee of $5,000, to be paid as an annual lump sum payment, for operating the Golf Course. Commencing this year, the Management Fee is due to BNB by September 15th of each year. Per Section 4.02, the City Council will consider whether to increase or decrease the Management Fee each year. BNB did not request a modification of the Management Fee for the upcoming year.

Therefore, staff recommends Council approve payment to BNB in the amount of $60,000 for the Management Fee for the period of September 1, 2026 through August

31, 2027 in accordance with the terms of the Lease Agreement.

CITY OF BLYTHE
CITY COUNCIL MEETING

STAFF REPORT

MEETING DATE: July 14, 2026

SUBJECT: Amendment No. 1 to the Third Amendment and Restatement of the Joint Powers Agreement of the Coachella Valley Association of Governments

PRESENTED BY: Mallory Crecelius, Interim City Manager

PREPARED BY: Mallory Crecelius, Interim City Manager

RECOMMENDATION: It is recommended Council approve Amendment No. 1 to the Third Amendment and Restatement of the CVAG Joint Powers Authority and direct the Mayor to execute the Amendment.

FISCAL IMPACT: None

BACKGROUND: At the April 27 and June 1 meetings, CVAG's Executive Committee reviewed a request from the Twenty-Nine Palms Band of Mission Indians to amend CVAG's Joint Powers Agreement (JPA) to revise the alternates who can represent a member jurisdiction at the Executive Committee.

Since CVAG's inception, JPA member jurisdictions agreed that the Executive Committee would be made up of the mayors of the member jurisdictions or their alternate/designees, so long as they are elected members of the City. The Third Restatement of the JPA authorized in 2018 expanded that to include "the Tribal Chair from each Indian Tribe" and noted that "any Indian Tribal Council may appoint one of its current council members in place of the Tribal Chair". The Twenty-Nine Palms Band of Mission Indians has been a CVAG member since 2021.

The Twenty-Nice Palms Band of Mission Indians requested to expand that language further to include an executive or administrative officer of the Tribe serving as an alternate to the Executive Committee.

STAFF REPORT: Based on feedback from member jurisdictions, CVAG Legal Counsel drafted Amendment No. 1 to the Third Amendment and Restatement of the JPA. The amendment includes provisions allowing a Tribal member to appoint its highest-level executive or administrative officer to the Executive Committee, so long as they are formally appointed by resolution of the Tribal Nation's legislative body. The amendment also authorizes the Executive Committee to adopt and amend bylaws governing attendance by Executive Committee Members. The proposed Amendment would become effective upon approval of two-thirds of CVAG's member jurisdictions.

Section III determines the financial obligations of CFD No. 2004-1 for fiscal year 2026-2027, and Section IV reviews the methodology used to apportion the special tax requirement between developed property

and undeveloped property. Also, included in the report is a table of the 2026-2027 special taxes for each classification of property.

Prior to the levy and collection of these special taxes for Fiscal Year 2026-2027, a Resolution must be adopted by City Council as specified by the terms and provisions of the Mello-Roos Community Facility Act of 1982, (the "Act") as amended.

After adoption of the Resolution, the City Manager of the City of Blythe, or her designee, may make necessary modifications to these special taxes to correct any errors, omissions or inconsistencies in the listing of categorization of parcels to be taxed or in the amount to be charged to any category of parcels; provided, however, that any such modifications shall not result in an increase in the tax applicable to any category of parcels and can only be made prior to the submission of the tax rolls to the Riverside County Assessor.

Section 4. All the collections of the special tax shall be used only as provided for in the Act and the Resolution of Formation. The special tax shall be levied only so long as needed to accomplish the purposes described in the Resolution of Formation.

INTRODUCTION

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 2004-1 ("CFD No. 2004-1") of the City of Blythe (the "City") resulting from the sale of the $2,000,000 Series 2005 Special Tax Bonds (the "2005 Bonds") in May 2005.

CFD No. 2004-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982, (the "Act") as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 2004-1 is authorized to issue up to $2,000,000 in bonds. The proceeds of the Series 2005 Bonds are to be used for the acquisition, purchase, construction, expansion, improvement, or rehabilitation of sewer lift station, sewer force main, and related improvements connecting CFD No. 2004-1 to the City's existing sewer facilities. The current outstanding principal is equal to $1,290,000 which is based on principal paid through September 2, 2025. The 2005 Bonds are scheduled to be paid off in 2035. Pursuant to the Amended Rate and Method of Apportionment ("RMA"), the special tax shall be levied for a period not to exceed 50 years commencing with fiscal year 2005-2006, provided however that special taxes will cease to be levied in an earlier fiscal year if the CFD administrator has determined (i) that all required interest and principal payments on the CFD No. 2004-1 Bonds have been paid; and (ii) all authorized facilities have been constructed. The RMA is included in Appendix B.

The bonded indebtedness of CFD No. 2004-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within the community facilities district. In calculating the special tax liability for fiscal year 2025-2026, this report examines the financial obligations of the current fiscal year and analyzes the level of development within CFD No. 2004-1. A map showing the property in CFD No. 2004-1 is included in Appendix A.

This report is organized into the following sections:

- **Section I**: Section I provides an update of the development activity occurring within CFD No. 2004-1.;
- **Section II**: Section II analyzes the previous year's special tax levy;
- **Section III**: Section III determines the financial obligations of CFD No. 2004-1 for fiscal year 2026-2027; and
- **Section IV**: Section IV reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property. A table of the fiscal year 2026-2027 special taxes for each classification of property is included.

SECTION I
SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

A Special Tax Classifications

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Rate and Method of Apportionment. The Rate and Method of Apportionment defines two primary categories of property, namely "Developed Property" and "Undeveloped Property." The category of Developed Property is in turn divided into two separate special tax classifications, residential development, and non-residential development. The Developed Property special tax classifications are shown in Table 1 below.

Table 1: Developed Property Classifications

Land Use Class	Description
1	Residential Property
2	Non-Residential Property

Developed Property is distinguished from Undeveloped Property by the issuance of a building permit and the recordation of a final map. Specifically, property for which a building permit was issued prior to March 1 will be classified as Developed Property in the following fiscal year so long as it is located within a final map that was recorded as of January 1 of the prior fiscal year. For example, all property in CFD No. 2004-1 for which building permits were issued prior to March 1, 2026, and which is located within a recorded final map that was recorded as of January 1, 2026, will be classified as Developed Property in fiscal year 2026-2027.

B Development Update

Background research was conducted to determine the amount and type of development activity that occurred during the previous fiscal year. Review of the City of Blythe's building permit records indicated that no new building permits were issued between March 1, 2025, and February 28, 2026. Therefore, prior to March 1, 2026, the City of Blythe had issued building permits for 98 single family residential units within CFD No. 2004-1. A total of 0.50 gross acres in the district are considered Undeveloped Property.

Table 2 below lists the aggregate amount of taxable property by special tax classification.

Table 2: Fiscal Year 2026-2027 Taxable Property

Land Use Class	Description	Number of Units/Acres
1	Residential Property	98 units
2	Non-Residential Property	0 acres
N/A	Undeveloped Property	0.50 acres

SECTION II
FISCAL YEAR 2025-2026 SPECIAL TAX LEVY

II FISCAL YEAR 2025-2026 SPECIAL TAX LEVY

The special tax levy for CFD No. 2004-1 for fiscal year 2025-2026 equaled $167,568. As of June 19, 2026, all $167,568 in special taxes had been collected by the County.

The district has covenanted for the benefit of the owners of the Series 2005 Bonds that it (i) will commence judicial foreclosure proceedings against parcels with delinquent special taxes in excess of $10,000 by the October 1 following the close of each fiscal year in which such special taxes were due; and (ii) will commence judicial foreclosure proceedings against all parcels with delinquent special taxes by the October 1 following the close of each fiscal year in which it receives special taxes in an amount which is less than 95% of the total special tax levied and the amount on deposit in the Reserve Account is at less than the reserve requirement; and (iii) will diligently pursue such foreclosure proceedings until the delinquent special taxes are paid.

At this time, CFD No. 2004-1 is not required to commence foreclosure proceedings.

IV METHOD OF APPORTIONMENT

A Maximum Special Taxes

The amount of special taxes that CFD No. 2004-1 may levy is strictly limited by the maximum special taxes set forth in the Rate and Method of Apportionment. The maximum special tax for Undeveloped Property and the assigned special tax for each classification of Developed Property are specified in Section C of the Rate and Method of Apportionment.[1]

B Apportionment of Special Taxes

The special tax that is apportioned to each parcel is determined through the application of Section D of the Rate and Method of Apportionment. Section D apportions the special tax requirement in four steps which prioritize the order in which Developed Property and Undeveloped Property are taxed.

The first step states that the special tax shall be levied against each parcel of Developed Property at 100 percent of the assigned special tax. If the special taxes raised pursuant to the first step are less than the special tax requirement, then the second step is applied. The second step states that the special tax shall be levied against each parcel of Undeveloped Property at up to 100 percent of the maximum special tax. The third and fourth steps are designed to accommodate changes in land use and are intended to be used only as a last resort. Since actual land uses have not substantially deviated from the original projections, these steps are not necessary.

Application of the maximum special taxes under the first step generates special tax revenues of $240,481 from Residential Property, which is more than sufficient to meet all obligations for fiscal year 2026-2027 as discussed in Section III. Therefore, the fiscal year 2026-2027 special tax levy for each parcel of Residential Property is equal to approximately 70.11% of the maximum special tax.

The fiscal year 2026-2027 maximum and actual special taxes are shown for each classification of Developed Property and Undeveloped Property in Table 4 and graphically on the following pages. The Special Tax Roll, which lists the total special tax levy for each parcel, is shown in Appendix C.

[1] Technically, Section C states that the maximum special tax for a parcel of Developed Property is equal to the greater of the "Backup Special Tax" or Assigned Special Tax. The Backup Special Tax was established for the contingency of a shortfall in revenues resulting from significant changes in development densities. The contingency for which the Backup Special Tax was established does not exist and hence, all discussion of maximum tax rates for Developed Property focuses on the Assigned Special Tax.

Residential Property shall be assigned to Land Use Class 1 and Non-Residential Property shall be assigned to Land Use Class 2.

C. MAXIMUM SPECIAL TAX RATE

1. Developed Property

a. Maximum Special Tax

The Maximum Special Tax for each Assessor's Parcel classified as Developed Property shall be the greater of (i) the amount derived by application of the Assigned Special Tax or (ii) the amount derived by application of the Backup Special Tax.

b. Assigned Special Tax

The Assigned Special Tax for each Land Use Class is shown below in Table 1.

TABLE 1

Assigned Special Taxes for Developed Property
Community Facilities District No. 2004-1
Fiscal Year 2005-2006

Land Use Class	Description	Assigned Special Tax
1	Residential Property	$1,619 per unit
2	Non-Residential Property	$5,018 per Acre

c. Increase in the Assigned Special Tax

The Fiscal Year 2005-2006 Assigned Special Taxes, identified in Table 1 above, shall increase thereafter, commencing on July 1, 2006 and on July 1 of each Fiscal Year thereafter, by an amount equal to two percent (2%) of the Assigned Special Tax for the previous Fiscal Year.

d. Backup Special Tax

The Fiscal Year 2005-2006 Backup Special Tax for an Assessor's Parcel of Developed Property shall equal $5,018 per Acre or portion thereof, and shall increase thereafter, commencing on July 1, 2006 and on July 1 of each Fiscal Year thereafter, by an amount equal to two percent (2%) of the Backup Special Tax for the previous Fiscal Year.

e. Multiple Land Use Classes

In some instances an Assessor's Parcel of Developed Property may contain more than one Land Use Class. The Maximum Special Tax levied on an Assessor's Parcel shall be the sum of the Maximum Special Tax for all Land Use Classes located on that Assessor's Parcel. The CFD Administrator's allocation to each type of property shall be final.

2. **Taxable Property Owner Association Property, Taxable Public Property, and Undeveloped Property**

The Fiscal Year 2005-2006 Maximum Special Tax for Taxable Property Owner Association Property, Taxable Public Property, and Undeveloped Property shall equal $5,082 per Acre or portion thereof, and shall increase thereafter, commencing on July 1, 2006 and on July 1 of each Fiscal Year thereafter, by an amount equal to two percent (2%) of the Maximum Special Tax for the previous Fiscal Year.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

Commencing with Fiscal Year 2005-2006 and for each following Fiscal Year, the City Council shall levy the Special Tax until the amount of Special Taxes levied equals the Special Tax Requirement. The Special Tax shall be levied each Fiscal Year as follows:

First: The Special Tax shall be levied on each Assessor's Parcel of Developed Property in an amount equal to 100% of the applicable Assigned Special Tax;

Second: If additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property;

Third: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased Proportionately from the Assigned Special Tax up to the Maximum Special Tax for each such Assessor's Parcel;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Property Owner Association Property and Taxable Public Property at up to the Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

Notwithstanding the above the City Council may, in any Fiscal Year, levy Proportionately less than 100% of the Assigned Special Tax in step one (above), when (i) the City Council is no longer required to levy the Special Tax pursuant to steps two through four above in order to meet the Special Tax Requirement; and (ii) all authorized CFD No. 2004-1 Bonds have already been issued or the City Council has covenanted that it will not issue any additional CFD No. 2004-1 Bonds (except refunding bonds) to be supported by the Special Tax.

Further notwithstanding the above, under no circumstances will the Special Tax levied against any Assessor's Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent as a

consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 2004-1.

E. EXEMPTIONS

No Special Tax shall be levied on up to 15.54 Acres of Property Owner Association Property and/or Public Property. Tax-exempt status will be assigned by the CFD Administrator in the chronological order in which property becomes Property Owner Association Property or Public Property. However, should an Assessor's Parcel no longer be classified as Property Owner Association Property or Public Property, its tax-exempt status will be revoked.

Property Owner Association Property or Public Property that is not exempt from Special Taxes under this section shall be subject to the levy of the Special Tax and shall be taxed Proportionately as part of the fourth step in Section D above, at up to 100% of the applicable Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

F. MANNER OF COLLECTION

The Special Tax shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 2004-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

G. APPEALS

Any landowner or resident who feels that the amount of the Special Tax levied on their Assessor's Parcel is in error may submit a written appeal to CFD No. 2004-1. The CFD Administrator shall review the appeal and if the CFD Administrator concurs, the amount of the Special Tax levied shall be appropriately modified.

The City Council may interpret this Amended Rate and Method of Apportionment for purposes of clarifying any ambiguity and make determinations relative to the annual administration of the Special Tax and any landowner or resident appeals. Any decision of the City Council shall be final and binding as to all persons.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

"Buildout" means, for CFD No. 2004-1, that all expected building permits have been issued.

"Previously Issued Bonds" means, for any Fiscal Year, all Outstanding Bonds that are deemed to be outstanding under the Indenture after the first interest and/or principal payment date following the current Fiscal Year.

1. Prepayment in Full

Only an Assessor's Parcel of Developed Property, or Undeveloped Property for which a building permit has been issued, may be prepaid. The Special Tax obligation applicable to an Assessor's Parcel in CFD No. 2004-1 may only be prepaid after all authorized CFD No. 2004-1 Bonds have already been issued, or after the City Council has covenanted that it will not issue any additional CFD No. 2004-1 Bonds (except refunding bonds) to be supported by Special Taxes levied under this Amended Rate and Method of Apportionment. The obligation of the Assessor's Parcel to pay any Special Tax may be permanently satisfied as described herein, provided that a prepayment may be made with respect to a particular Assessor's Parcel only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this service. Prepayment must be made not less than 45 days prior to the next occurring date that notice of redemption of CFD No. 2004-1 Bonds from the proceeds of such prepayment may be given by the Trustee pursuant to the Indenture.

The Special Tax Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount	
	plus	Redemption Premium
	plus	Defeasance Amount
	plus	Administrative Fees and Expenses
	less	Reserve Fund Credit
	less	Capitalized Interest Credit
Total:	equals	Prepayment Amount

As of the proposed date of prepayment, the Special Tax Prepayment Amount shall be calculated as follows:

Paragraph No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.

2. For Assessor's Parcels of Developed Property, compute the Assigned Special Tax and Backup Special Tax. For Assessor's Parcels of Undeveloped Property for which a building permit has been issued, compute the Assigned Special Tax and Backup

Special Tax for that Assessor's Parcel as though it was already designated as Developed Property, based upon the building permit which has already been issued for that Assessor's Parcel.

3. (a) Divide the Assigned Special Tax computed pursuant to paragraph 2 by the total estimated Assigned Special Taxes for the entire CFD No. 2004-1 based on the Developed Property Special Taxes which could be levied in the current Fiscal Year on all expected development through Buildout of CFD No. 2004-1, excluding any Assessor's Parcels which have been prepaid, and

(b) Divide the Backup Special Tax computed pursuant to paragraph 2 by the total estimated Backup Special Taxes at Buildout for the entire CFD No. 2004-1, excluding any Assessor's Parcels which have been prepaid.

4. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the Previously Issued Bonds to compute the amount of Previously Issued Bonds to be retired and prepaid (the "*Bond Redemption Amount*").

5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium (e.g., the redemption price-100%), if any, on the Previously Issued Bonds to be redeemed (the "*Redemption Premium*").

6. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the earliest redemption date for the Previously Issued Bonds.

7. Determine the Special Tax levied on the Assessor's Parcel in the current Fiscal Year which has not yet been paid.

8. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Special Tax Prepayment Amount less the Administrative Fees and Expenses from the date of prepayment until the redemption date for the Previously Issued Bonds to be redeemed with the prepayment.

9. Add the amounts computed pursuant to paragraphs 6 and 7 and subtract the amount computed pursuant to paragraph 8 (the "*Defeasance Amount*").

10. The administrative fees and expenses of CFD No. 2004-1 are as calculated by the CFD Administrator and include the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming CFD No. 2004-1 Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").

11 The reserve fund credit (the "*Reserve Fund Credit*") shall equal the lesser of: (a) the expected reduction in the reserve requirement (as defined in the Indenture), if any, associated with the redemption of Previously Issued Bonds as a result of the

prepayment, or (b) the amount derived by subtracting the new reserve requirement (as defined in the Indenture) in effect after the redemption of Previously Issued Bonds as a result of the prepayment from the balance in the reserve fund on the prepayment date, but in no event shall such amount be less than zero. No Reserve Fund Credit shall be granted if the amount then on deposit in the reserve fund for the Previously Issued Bonds is below 100% of the reserve requirement (as defined in the Indenture).

12. If any capitalized interest for the Previously Issued Bonds will not have been expended as of the date immediately following the first bond interest and/or principal payment date following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the expected balance in the capitalized interest fund or account under the Indenture after such first interest and/or principal payment (the "*Capitalized Interest Credit*").

13. The Special Tax Prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 9 and 10, less the amounts computed pursuant to paragraphs 11 and 12 (the "*Prepayment Amount*").

14. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 9, 11 and 12 shall be deposited into the appropriate fund as established under the Indenture and be used to retire CFD No. 2004-1 Bonds or make debt service payments. The amount computed pursuant to paragraph 10 shall be retained by CFD No. 2004-1.

The Special Tax Prepayment Amount may be insufficient to redeem a full $5,000 increment of CFD No. 2004-1 Bonds. In such cases, the increment above $5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to be used with the next prepayment of CFD No. 2004-1 Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 7 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid, the City Council shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of the Special Tax and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless, at the time of such proposed prepayment, the amount of Maximum Special Taxes that may be levied on Taxable Property within CFD No. 2004-1 (after excluding 15.54 Acres of Property Owner Association Property and/or Public Property as set forth in Section E) both prior to and after the proposed prepayment is at least 1.1 times the maximum annual debt service on all Previously Issued Bonds, plus the cost of annual CFD administration.

2. Prepayment in Part

The Special Tax on an Assessor's Parcel of Developed Property or an Assessor's Parcel of Undeveloped Property for which a building permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section H.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = [(P_E - A) \times F] + A$$

These terms have the following meaning:

PP = the partial prepayment.
P_E = the Special Tax Prepayment Amount calculated according to Section H.1.
F = the percentage, expressed as a decimal, by which the owner of the Assessor's Parcel is partially prepaying the Special Tax.
A = the Administrative Fees and Expenses calculated according to Section H.1.

The owner of any Assessor's Parcel who desires such prepayment shall notify the CFD Administrator of such owner's intent to partially prepay the Special Tax and the percentage by which the Special Tax shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax for an Assessor's Parcel within 30 days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor's Parcel that is partially prepaid, the City Council shall (i) distribute the funds remitted to it according to Section H.1, and (ii) indicate in the records of CFD No. 2004-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax, shall continue to be levied on such Assessor's Parcel pursuant to Section D.

I. TERM OF SPECIAL TAX

The Special Tax shall be levied for a period not to exceed fifty years commencing with Fiscal Year 2005-2006, provided however that Special Taxes will cease to be levied in an earlier Fiscal Year if the CFD Administrator has determined (i) that all required interest and principal payments on the CFD No. 2004-1 Bonds have been paid; and (ii) all Authorized Facilities have been constructed.

The Finance Department has exhausted all efforts in attempting to collect the referenced delinquent accounts with no results. In accordance with California Water Code Section 31701 and 31701.5, Staff is recommending the accounts referenced on Exhibit A be sent to the County of Riverside in last efforts to collect all amounts due to the City. Each property owner has been properly notified of the City's intent to levy and given a deadline of June 30, 2026, to resolve the delinquency. Adoption of Resolution No. 2026-024 will give authority for City Manager or designee to file with the County of Riverside Auditor's office the attached Exhibit A to be placed on fiscal year 2026-2027 property tax roll.

WHEREAS, the HOME Investment Partnerships Act program, hereinafter referred to as "HOME," was enacted as Title II of the National Affordable Housing Act of 1990, for the purposes of: expanding the supply of decent, affordable housing for low and very-low income families with emphasis on rental housing; building State and local capacity to carry out affordable housing programs; and providing for coordinated assistance to participants in the development of affordable low-income housing; and

WHEREAS, CDBG regulations require counties to re-qualify as an Urban County under the CDBG program every three (3) years.

WHEREAS, the chief executive officer of the COUNTY is authorized to execute this Agreement pursuant to Riverside County Ordinance No. 442.

NOW THEREFORE, in consideration of the mutual covenants herein set forth and the mutual benefits to be derived there from, the parties agree as follows:

1. GENERAL.

(a). This Agreement gives COUNTY authority to undertake, or assist in undertaking, activities for Fiscal Years 2027, 2028, and 2029, that will be funded from the CDBG, HOME, and ESG programs and from any program income generated from the expenditure of such funds. CITY, by executing this Agreement, hereby gives notice of its election to participate in an Urban County's Community Development Block Grant (CDBG), Home Investment Partnerships Act (HOME), and Emergency Solutions Grant (ESG) programs, hereinafter referred to as "Urban County Programs".

(b). By executing this Agreement, CITY understands that it may not apply for grants from appropriations under the Small Cities or State CDBG Programs for fiscal years during the period in which it participates in the Urban County's CDBG program, and that CITY may only participate in the HOME program through the COUNTY'S Urban County Programs, not a HOME

consortium. The CITY may also apply for HOME funds from the State of California, if permitted by the State.

(c). By executing this Agreement, CITY understands that it may only receive a formula allocation of ESG funds through the COUNTY'S Urban County Programs. The CITY may also apply for ESG funds from the State of California, if permitted by the State.

The term of this Agreement shall be for three (3) years commencing on October 1, 2026, and expiring on September 30, 2029, unless an earlier date of termination is fixed by U.S. Department of Housing and Urban Development, hereinafter called HUD, pursuant to ACT. This Agreement shall remain in effect until funds granted and program income received during the three-year program period are expended and the funded activities completed. Neither the COUNTY nor the CITY may terminate, withdraw, or be removed from the program during the three-year program period.

This Agreement will renew automatically for participation in one successive three-year Urban County qualification period (Federal Fiscal Years 2027-29), unless the CITY or the COUNTY provides written notice to the other party that it elects not to participate in a new qualification period. The terminating party shall send a copy of the notice of termination to the HUD field office by the date specified on the HUD Exchange Urban Counties website. By executing this Agreement, the CITY acknowledges that it has been notified in writing of the CITY's right to make this election. A copy of this Agreement will be sent to the HUD field office by the date specified on the HUD Exchange Urban Counties website.

The Parties agree to adopt amendment(s) to this Agreement as may be required by HUD to meet any new Urban County Qualification requirement(s), when applicable. Failure by either Party to adopt any such amendment, and to submit such amendment to HUD, will void the agreement for such qualification period.

3. PREPARATION OF FEDERALLY REQUIRED FUNDING APPLICATIONS.

The County of Riverside Housing and Workforce Solutions, subject to approval of COUNTY's Board of Supervisors, shall be responsible for preparing and submitting to the U.S.

iii. The CITY shall require that the language provided in Sections 4(c) of this Agreement be included in the award documents for all sub-awards at all tiers (including subcontracts, sub- grants and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into.

(iv). In accordance with Section 519 of Public Law 101-144, (the 1990 HUD Appropriations Act), the CITY certifies that it has adopted and is enforcing a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations, and that it has adopted and is enforcing applicable State and local laws against physically barring entrance to, or exit from, a

facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

5. COMPLIANCE WITH POLICY AND PROGRAM OBJECTIVES.

The COUNTY's Board of Supervisors have adopted policies and procedures to ensure efficient and effective administration of the CDBG, HOME and ESG programs. COUNTY will provide these policies and procedures to CITY within a reasonable time after this Agreement's commencement date. COUNTY and City agree to comply with these said policies and program objectives and to take no actions to obstruct implementation of the approved 2024-2029 Five Year Consolidated Plan and the subsequent Five-Year Consolidated Plan.

6. OTHER AGREEMENTS

Pursuant to Federal regulations at 24 CFR 570.501(b), CITY is subject to the same requirements applicable to sub-recipients, including the requirement of a written agreement set forth in Federal regulations at 24 CFR 570.503. For each fiscal year during the term of this Agreement, COUNTY and CITY shall enter into an additional agreement, commonly known as a Supplemental Agreement, that will have a term coinciding with a CDBG Program Year and enumerate the project(s) CITY will implement with its entitlement funds. Said Supplemental Agreement will set forth the time schedule for completion of said project(s) and any funding sources, in addition to entitlement funds, that will be used in completing the project(s). If substantial compliance with the completion schedule, due to unforeseen or uncontrollable circumstances, cannot be met by CITY, the schedule for the project(s) may be extended by COUNTY. If COUNY determines that substantial progress toward drawdown of funds is not made during the term of the Supplemental Agreement, the entitlement funds associated with the project(s) may be reprogrammed by COUNTY, to other activities as determined by COUNTY, after COUNTY provides appropriate written notice to CITY. COUNTY's decision not to extend the completion schedule associated with the project(s), or to reprogram the entitlement funds associated with the project(s), will not excuse CITY from complying with terms of this Agreement.

7. DETERMINATION OF PROJECTS TO BE FUNDED AND DISTRIBUTION OF ENTITLEMENT FUNDS.

CITY agrees to submit to COUNTY in writing, no later than the date specified by COUNTY prior to each program year, the activities that the CITY desires to implement with its entitlement funds, said designation to comply with statutory and regulatory provisions governing citizen's participation. Said designation is to be reviewed by the COUNTY's Housing and Workforce Solutions to determine that the projects are eligible under Federal regulations for funding and inclusion in the One Year Action Plan of the County's Five-Year Consolidated Plan and consistent with both Federal and COUNTY policy governing use of Community Development Block Grant (CDBG) funds.

In the event that CITY fails to submit to COUNTY the identified activities that the CITY desires to implement with its entitlement funds by the date specified prior to each program year, the COUNTY may determine the activities to be funded, without consent of the CITY, consistent with both Federal and COUNTY policy governing use of Community Development Block Grant (CDBG) funds.

Consistent with Sections 3, 4, 5, 6, and 7 of this Agreement, COUNTY's Board of Supervisors will make the final determination of the distribution and disposition of all CDBG funds received by COUNTY pursuant to the Act.

8. COMMUNITY DEVELOPMENT BLOCK GRANT MANUAL.

CITY warrants that those officers, employees, and agents, retained by it and responsible for implementing projects funded with CDBG have received, reviewed, and will follow the Community Development Block Grant Manual that has been prepared and amended by COUNTY, which Manual is incorporated herein and made a part hereof by this reference.

9. REAL PROPERTY ACQUIRED OR PUBLIC FACILITY CONSTRUCTED WITH CDBG FUNDS.

When CDBG funds are used, in whole or in part, by CITY to acquire real property or to construct a public facility, CITY shall comply with the National Environmental Policy Act of 1969 (42 U.S.C. § 4321, et seq.), the California Environmental Quality Act (Cal. Pub. Resources Code § 21000, et seq.), the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. § 4630, et seq.), and California Government Code Sections 7260 et seq.,

as those laws may be amended from time-to-time and any Federal or state regulations issued to implement the aforementioned laws.

In addition, the following is to occur:

(a) Title to the real property shall vest in CITY;

(b) The real property title will be held by or the constructed facility will be maintained by the CITY for the approved use until five years after the date that the CITY is no longer considered by HUD to be a part of the metropolitan city or urban county, pursuant to 24 CFR 570.501(b).

(c) While held by CITY, the real property or the constructed facility is to be used exclusively for the purpose for which acquisition or construction was originally approved by COUNTY;

(d) CITY shall provide timely written notice to COUNTY of any action which would result in a modification or change in the use of the real property purchased or improved, in whole or in part, with CDBG or HOME funds from that planned at the time of acquisition or improvement, including disposition.

(e) CITY shall provide timely written notice to citizens and opportunity to comment on any proposed modification or change;

(f) Written approval from COUNTY must be secured if the property or the facility is to be put to an alternate use that is or is not consistent with Federal regulations governing CDBG funds;

(g) Should CITY desire during the five (5) year period to use the real property or the constructed facility for a purpose not consistent with applicable Federal regulations governing CDBG funds or to sell the real property or facility, then:

(i) If CITY desires to retain title, it will have to reimburse either COUNTY or the Federal government an amount that represents the percentage of current fair market value that is identical to the percentage that CDBG funds initially comprised when the property was acquired or the facility was constructed;

(ii) If CITY sells the property or facility, or is required to sell the property

or facility, CITY is to reimburse the COUNTY an amount that represents the percentage of proceeds realized by the sale that is identical to the percentage that CDBG funds comprised of the monies paid to initially acquire the property or construct the facility. This percentage amount will be calculated after deducting all actual and reasonable cost of sale from the sale proceeds.

10. DISPOSITION OF INCOME GENERATED BY THE EXPENDITURE OF CDBG FUNDS.

CITY shall inform COUNTY in writing of any income generated by the expenditure of CDBG funds received by CITY from COUNTY. CITY may not retain program income so generated. Any and all program income shall be returned to the County and may only be used for eligible activities in accordance with all CDBG requirements, including all requirements for citizen participation.

The COUNTY is required by HUD to monitor and report the receipt and use of all program income. CITY is required to track, monitor, and report any and all program income as requested by COUNTY.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BLYTHE, CALIFORNIA, APPROVING THE ENGINEER'S REPORT AND CONFIRMING THE DIAGRAM AND ASSESSMENTS FOR FISCAL YEAR 2026-2027 FOR THE CITY OF BLYTHE LIGHTING DISTRICT NO. 1

The City Council of the City of Blythe hereby finds and declares as follows:

WHEREAS, the City of Blythe Lighting District No. 1 (the "District") has been established pursuant to the Landscaping and Lighting Act of 1972 (California Streets and Highways Code Section 22500 *et seq.*) (the "Act") to fund the operation and/or maintenance of certain public landscaping, streetlights, traffic signals, and appurtenant facilities in the District; and

WHEREAS, in connection with the District, the City annually levies an assessment against real property; and

WHEREAS, by its Resolution No. 2026-005, adopted May 12, 2026, the City Council directed Willdan Financial Services, as assessment engineer (the "Engineer"), to prepare and file a report regarding the District; and

WHEREAS, the Engineer filed said report, entitled "City of Blythe, Lighting District No. 1, 2026-2027 Engineer's Annual Levy Report" (the "Report"), which is on file and available for public inspection in the Office of the City Clerk and is incorporated herein by reference; and

WHEREAS, by its Resolution No. 2026-006, adopted May 12, 2026, the City Council preliminarily approved the Report, declared its intention to levy assessments within the District for Fiscal Year 2026-2027, and set a public hearing on the assessments for June 16, 2026; and

WHEREAS, by its Resolution No. 2026-020, adopted June 16, 2026, the City Council redeclared its intention to levy and collect assessments within the District for Fiscal Year 2026-2027 and set a public hearing for July 14, 2026 (the "Hearing"); and

WHEREAS, at the Hearing, which was noticed as required by law, all interested persons were afforded the opportunity to hear and be heard and the City Council considered all oral and written statements and all written protests made or filed by any interested person; and

WHEREAS, the City Council now desires to levy the assessments for Fiscal Year 2026-2027 as set forth in the Report.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BLYTHE, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The City Council approves the Report as filed.

SECTION 2. The City Council confirms the diagram and assessments for the District for Fiscal Year 2026-2027 as set forth in the Report.

SECTION 3. Pursuant to Section 22631 of the Act, the adoption of this Resolution shall constitute the levy of the assessments for Fiscal Year 2026-2027.

SECTION 4. Lots or parcels of land within the District that are owned or used by any county, city, city and county, special district or any other local governmental entity, the State of California, or the United States shall be assessed unless the entity demonstrates by clear and convincing evidence that such lots or parcels receive no special benefit from the proposed improvements.

SECTION 5. All railroad, gas, water and electric utility right-of-way or electric line right-of-way are included within the District and shall be assessed in accordance with the benefits to be received from the improvements.

SECTION 6. The City Council finds and determines that the levy and collection of the assessments is categorically exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15301 (Existing Facilities) of the CEQA Guidelines, in that the proceeds of the assessments are to be used for the maintenance and operation of existing facilities involving negligible or no expansion of existing or former use. The City Council also finds and determines that the levy and collection of the assessments is exempt from CEQA pursuant to Section 15061(b)(3) (Common Sense Exemption) of the CEQA Guidelines, in that it can be seen with certainty that there is no possibility that the levy and collection of the assessments to fund maintenance and operations costs for the District will have a significant impact on the environment.

SECTION 7. The City Clerk is directed to file the diagram and assessments, or a certified copy thereof, with the Riverside County Auditor-Controller. The assessments shall be collected at the same time and in the same manner as County taxes are collected, and all laws providing for the collection and enforcement of County taxes shall apply to the collection and enforcement of the assessments.

I. OVERVIEW

A. INTRODUCTION

Pursuant to the order of the City Council of the City of Blythe (the "City"), this Engineer's Annual Levy Report ("Report") is prepared in compliance with the requirements of Article 4, Chapter 1 of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of the State of California ("the 1972 Act").

This Report presents the engineering analysis for Fiscal Year 2026/2027 for the District known as: City of Blythe Lighting District No. 1 (Hereinafter referred to as "District").

The District, by special benefit assessments, provides funding for the operation and/or maintenance of landscaped areas owned by the City, streetlights owned and maintained by Southern California Edison Company, traffic signals, and appurtenant facilities; all of which are located in and along public roadways, streets and rights-of ways in the District.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Riverside County Assessor's Office. The Riverside County Auditor/Controller uses APNs and specific Fund Numbers to identify properties to be assessed on the tax roll for the District assessments.

B. HISTORICAL BACKGROUND AND CURRENT LEGISLATION

Section 22573 of the 1972 Act requires assessments to be levied according to benefit rather than according to assessed value. The section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*
>
> The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000)) [of the Streets and Highways Code, State of California]."

Furthermore, Section 4 of Article XIIID of the California Constitution requires that no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.

The 1972 Act also provides for the classification of various areas within an assessment district into different zones where,

> *"...by reason of variations in the nature, location and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."*

An assessment district may consist of contiguous or non-contiguous areas. As the assessments are levied on the basis of benefit, they are considered a special benefit assessment, not a tax, and therefore, are not governed by Article XIIIA or Article XIIIC of the California Constitution. Properties owned by public agencies, such as a city, county, state or the federal government must be assessed by law unless it can be demonstrated that they receive no special benefit.

C. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to the District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment.
- The costs of printing, advertising, and the publishing, posting and mailing of notices.
- Compensation payable to the County for collection of assessments.
- Compensation of any engineer or attorney employed to render services.
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements.
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

II. BOUNDARIES OF THE DISTRICT

The existing boundary of the District is completely within the City limits of the City of Blythe and is shown on the Boundary Map (on file in the office of the City Clerk as Exhibit "A" and incorporated herein by reference). The boundary excludes the City's sewage treatment plant and the Chuckwalla/Ironwood Prison property, which are non-contiguous to the remainder of the City. All parcels of real property included within the District are described in detail on maps on file in the Riverside County Assessor's office for the current fiscal year.. New development projects within the boundary of the District have been, and will continue to be, annexed into Lighting District No. 2 ("LD No. 2") since LD No. 2 was formed in 1997. When such an annexation into LD No. 2 is approved, the lots and parcels of land within the annexation are removed from, and become "not a part" of, the District.

C. PLANS AND SPECIFICATIONS

The plans and specifications showing and describing the general nature, location and extent of the improvements are on file in the office of the City Clerk and are incorporated herein by reference.

IV. METHOD OF APPORTIONMENT

The net amount to be assessed upon lands within the District in accordance with this Report is apportioned by a formula and method which fairly distributes the amount among the assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements, namely the maintenance and servicing of public landscaping, ornamental structures, lighting and appurtenant facilities within the District. The maintenance and servicing of public landscaping, ornamental structures, lighting and appurtenant facilities installed and constructed in and along public roadways, streets and rights-of-way in the District provides a special benefit which is received by each and every lot or parcel within the specified zones of benefit in the District, tending to enhance their value. Landscaping within the District enhances the aesthetic appeal of parcels within the landscaping zones. In addition, landscaping and ornamental structures improve erosion resistance and dust control. The streets within the District provide access to the lots or parcels assessed. Streetlights improve ingress and egress from such lots or parcels by illuminating access after sunset. Such streetlights, by so improving ingress and egress, improve the security of such lots or parcels by improving the nighttime visibility of such lots or parcels and improve the access of emergency vehicles thereto and in the case of commercial lots or parcels, facilitate the opening and operation of business uses after sunset.

The primary benefits of landscaping are as set forth below:

1. Improved aesthetic appeal of nearby parcels.
2. Improved erosion resistance.
3. Improved dust control.
4. Enhancement of the value of property which results from the foregoing benefits.

The primary benefits of street lighting, including traffic signals, are convenience, safety, security and protection of property, property improvements and goods as set forth below:

1. Improvement to traffic circulation and reduction in nighttime accidents and attendant human misery and decrease in personal property loss.
2. Less vulnerability to criminal assault at night.
3. Promotion of business during nighttime hours.
4. Improved ingress and egress to lots and parcels.
5. Reduction in vandalism and other criminal acts resulting in damage to improvements.
6. Enhancement of the value of property which results from the foregoing benefits.

B. ASSESSMENT FORMULA

The formula used to calculate the amount spread to the parcels within the District for street lighting starts with the basic assessment unit. The basic assessment unit (AU) is given a value of one (1) for a single-family residential parcel in Zone A. From this base, the remaining parcels are related according to their equivalent benefit within the District. Zone B parcels are not assessed for streetlights. Zones C through H, inclusive, utilize the same formula for landscape maintenance as does Zone A for street lighting. The assignment of assessment units is shown in the table below.

Assessment Unit Chart

Land Use	Land Use Code	AU	Per
Single Family Residential (SFR)	1	1.00	Parcel
Apartments [1]			
1 thru 4 DU	2, 3, 4	1.00	DU
5 thru 20 DU	5	0.75	DU
21 thru 50 DU	5	0.67	DU
51 thru 100 DU	5	0.50	DU
101 DU or more	5	0.40	DU
Commercial (Non-Vacant) [2]	10	6.00	Acre
Exempt Parcels [3]	20	0.00	Parcel
Vacant (Any Land Use) [4]	22	0.50	Parcel
Public Utilities [5]	30	6.00	Acre
Churches, Fraternal Organizations [6]	40	1.00	Parcel
Railroad Property [7]	50	3.00	Acre
Agricultural Uses [8]	60	0.25	Acre
Zone B (Not assessed for street lighting)	99	0.00	Parcel

Notes:

(1) DU = Dwelling Unit. The assessment formula for apartment complexes is additive. Apartment units are assessed on a decreasing scale as the number of units increase because such units generally have a greater density per parcel than SFR's, are often located on upper stories, may be located a great distance from public rights-of-way, and generally are smaller units (in terms of floor area) than SFR's.

(2) Commercial parcels are assessed at a rate of six (6) units per acre. This is based on the basic assessment unit compared to an average 65-foot by 100-foot residential parcel. Since there are 6.7 such parcels per acre, the number of assessment units was rounded down to six (6) per acre and applied to commercial property.

(3) Parcels receiving no special benefit from the district such as letter lots, open space, streets, etc. are exempt.

(4) Vacant parcels are assessed 0.50 AU per parcel for street lighting and landscaping (if the parcel is within a landscaping zone). Said vacant parcels receive a benefit from streetlights which tends to reduce vandalism and trash dumping in spite of the fact that they are not developed. Those vacant parcels that are assessed for landscaping receive a benefit that tends to enhance the value of the property.

(5) Public utility parcels are assessed in the same manner as commercial properties.

(6) Churches and fraternal organizations are assessed at one (I) AU per parcel because they generally have

less intensive usage of the land than other non-residential uses, such as commercial parcels, and therefore benefit less from the improvements.

(7) Railroad property parcels are assessed at one-half of the amount applied to commercial properties or public utilities because their parcels are railroad track rights-of-way which receive a safety benefit due to grade crossing lighting, but whose improvements are less susceptible to vandalism than commercial property improvements.

(8) Agriculture parcels can have different types of use. Agricultural property with no residence is assessed 0.25 AU per acre with a minimum of 0.50 AU per parcel (similar to other vacant property). Agricultural parcels with residences are assessed 0.25 AU per acre with a minimum of one (I) AU per residence per parcel (similar to other residential parcels). Agricultural uses that do not include buildings or animals are assessed as vacant land.

Assessment Examples

Lighting

The number of assessment units (AU) generated within the District for street lighting is 4,897.09. The dollars required in Zone A are $104,601.84. The assessment rate per AU in Zone A is:

$104,601.84 / 4,897.09 AU= $21.36 / AU

Example A: Commercial property on a 0.75-acre parcel.

Assessment Unit Chart shows commercial property is assessed at a rate of six (6) AU per acre.

Formula:

0.75 acres x 6 AU / acre = 4.5 AU

The Fiscal Year 2026/2027 assessment for this commercial parcel is:

4.5 AU x $21.36 / AU = $96.12

Landscaping

The number of assessment units (AU) generated in Zone C for landscape maintenance is 50.50. The dollars required in Zone C are $3,559.75. The assessment rate per AU is:

$3,559.75 / 50.50 AU = $70.49 / AU

Example B : Single-family residence in Zone C.

Assessment Unit Chart shows single-family residence is assigned one (1) AU per parcel.

The Fiscal Year 2026/2027 assessment for a single-family residence is:

1 AU x $70.49 / AU = $70.49

Assessments in Zones D through H are determined in the same manner as assessments in Zone C as shown in the above example.

Note: If any assessment amount is an odd penny, it will be rounded down to an even penny as the County does not accept odd cents. and a parcel cannot be assessed over maximum

VI. ASSESSMENT ROLLS

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Riverside County Assessor's Parcel Maps for the year in which this Report is prepared. The land use classification and specific parcel data for each parcel is based on property information available from the Riverside County Assessor's Office or provided by the City, and by reference is made part of this Report. A listing of parcels to be assessed within the District for Fiscal Year 2026/2027, along with the proposed assessment amounts is provided on the following pages.

Approval of this Report (as submitted or as modified) confirms the method of apportionment and the proposed assessment rates to be levied against each eligible parcel within the District and thereby constitutes the approved levy and collection of assessments for Fiscal Year 2026/2027. The parcels and the amount of assessment to be levied shall be submitted to the Riverside County Auditor/Controller and included on the property tax roll for the fiscal year.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel number will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

WHEREAS, the City of Blythe Lighting District No. 2 (the "District") has been established pursuant to the Landscaping and Lighting Act of 1972 (California Streets and Highways Code Section 22500 *et seq.*) (the "Act") to fund the operation and/or maintenance of certain public landscaping, streetlights, and appurtenant facilities in the District; and

WHEREAS, in connection with the District, the City annually levies an assessment against real property; and

WHEREAS, by its Resolution No. 2026-007, adopted May 12, 2026, the City Council directed Willdan Financial Services, as assessment engineer (the "Engineer"), to prepare and file a report regarding the District; and

WHEREAS, the Engineer filed said report, entitled "City of Blythe, Lighting District No. 2, 2026-2027 Engineer's Annual Levy Report" (the "Report"), which is on file and available for public inspection in the Office of the City Clerk and is incorporated herein by reference; and

WHEREAS, by its Resolution No. 2026-008, adopted May 12, 2026, the City Council preliminarily approved the Report, declared its intention to levy assessments within the District for Fiscal Year 2026-2027, and set a public hearing on the assessments for June 16, 2026; and

WHEREAS, by its Resolution No. 2026-019, adopted June 16, 2026, the City Council redeclared its intention to levy and collect assessments within the District for Fiscal Year 2026-2027 and set a public hearing for July 14, 2026 (the "Hearing"); and

WHEREAS, at the Hearing, which was noticed as required by law, all interested persons were afforded the opportunity to hear and be heard and the City Council considered all oral and written statements and all written protests made or filed by any interested person; and

WHEREAS, the City Council now desires to levy the assessments for Fiscal Year 2026-2027 as set forth in the Report.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BLYTHE, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The City Council approves the Report as filed.

SECTION 2. The City Council confirms the diagram and assessments for the District for Fiscal Year 2026-2027 as set forth in the Report.

SECTION 3. Pursuant to Section 22631 of the Act, the adoption of this Resolution shall constitute the levy of the assessments for Fiscal Year 2026-2027.

SECTION 4. Lots or parcels of land within the District that are owned or used by any county, city, city and county, special district or any other local governmental entity, the State of California, or the United States shall be assessed unless the entity demonstrates by clear and convincing evidence that such lots or parcels receive no special benefit from the proposed improvements.

SECTION 5. All railroad, gas, water and electric utility right-of-way or electric line right-of-way are included within the District and shall be assessed in accordance with the benefits to be received from the improvements.

SECTION 6. The City Council finds and determines that the levy and collection of the assessments is categorically exempt from the California Environmental Quality Act ("CEQA") pursuant to Section 15301 (Existing Facilities) of the CEQA Guidelines, in that the proceeds of the assessments are to be used for the maintenance and operation of existing facilities involving negligible or no expansion of existing or former use. The City Council also finds and determines that the levy and collection of the assessments is exempt from CEQA pursuant to Section 15061(b)(3) (Common Sense Exemption) of the CEQA Guidelines, in that it can be seen with certainty that there is no possibility that the levy and collection of the assessments to fund maintenance and operations costs for the District will have a significant impact on the environment.

SECTION 7. The City Clerk is directed to file the diagram and assessments, or a certified copy thereof, with the Riverside County Auditor-Controller. The assessments shall be collected at the same time and in the same manner as County taxes are collected, and all laws providing for the collection and enforcement of County taxes shall apply to the collection and enforcement of the assessments.

I. OVERVIEW

A. INTRODUCTION

Pursuant to the order of the City Council of the City of Blythe (the "City"), this Engineer's Annual Levy Report ("Report") is prepared in compliance with the requirements of Article 4, Chapter 1 of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of the State of California ("the 1972 Act").

This Report presents the engineering analysis for Fiscal Year 2026/2027 for the District known as: City of Blythe Lighting District No. 2 (Hereinafter referred to as "District").

This District, by special benefit assessments, provides funding for the operation and/or maintenance of landscaped areas owned by the City, and/or maintenance and servicing of streetlights and appurtenant facilities owned and maintained by Southern California Edison Company, all of which are located in and along public rights-of-way in the District.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Riverside County Assessor's Office. The Riverside County Auditor/Controller uses APNs and specific Fund Numbers to identify properties to be assessed on the tax roll for the District assessments.

B. HISTORICAL BACKGROUND AND CURRENT LEGISLATION

Section 22573 of the 1972 Act requires assessments to be levied according to benefit rather than according to assessed value. The section states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

Furthermore, Section 4 of Article XIIID of the California Constitution requires that no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.

The 1972 Act also provides for the classification of various areas within an assessment district into different zones where,

"...by reason of variations in the nature, location and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

An assessment district may consist of contiguous or noncontiguous areas. As the assessments are levied on the basis of benefit, they are considered a special benefit assessment, not a tax, and therefore, are not governed by Article XIIIA or Article XIIIC of the California Constitution. Properties owned by public agencies, such as a city, county, state or the federal government must be assessed by law unless it can be demonstrated that they receive no special benefit from the improvements.

C. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment.
- The costs of printing, advertising, and the publishing, posting and mailing of notices.
- Compensation payable to the County for collection of assessments.

- Compensation of any engineer or attorney employed to render services.
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements.
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

II. BOUNDARIES OF THE DISTRICT

The boundary of the District is completely within the city limits of the City of Blythe and is shown on the Boundary Map (on file in the office of the City Clerk as Exhibit "A" and incorporated herein by reference). Exhibit "A" serves as the assessment diagram for the District. The boundary includes the parcels of land that are located in the vicinity of street lighting improvements that were installed during or after Fiscal Year 1996/1997 or street lighting improvements which were installed during Fiscal Year 2012/2013 and are not included in Lighting District No. 1. Any parcels or lots within or annexed into the District / benefit zones that are within the boundary of Lighting District No.1 ("LD No. 1") shall be de-annexed from LD No. 1 thereafter. All parcels of real property included within the District are described in detail on maps on file in the Riverside County Assessor's office.

III. IMPROVEMENTS

The facilities and items of servicing and maintenance included within the District are as follows:

A. STREET LIGHTS

A map showing the location of all lighting zones within the District, is on file in the office of the City Clerk as Exhibit "B". The areas in which street light facilities are being operated and maintained during Fiscal Year 2026/2027 are designated as Zones 1 through 16, inclusive. There are no traffic signals within the District.

Servicing means the furnishing of electric current or energy, gas or other illuminating agent for public street lighting and appurtenant facilities.

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any improvement, including repair, removal, or replacement of all or any part of a component of the street lighting system, and the cleaning, sandblasting and painting of improvements to remove or cover graffiti.

For the purposes of establishing benefit zone boundaries, a distance of 200 feet from a streetlight is used. The 200-foot distance establishes the usable area of light around a streetlight. This distance is used to include both full lighting coverage and partial lighting coverage of a parcel. That is, if a portion of a parcel is within 200 feet of a streetlight, it is subject to an assessment.

B. LANDSCAPE AND ORNAMENTAL STRUCTURES

A map showing the location of all landscaping zones within the District, is on file in the office of the City Clerk as Exhibit "C".

Servicing means the furnishing of water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any improvement, including:

1. Repair, removal or replacement of all or any part of any improvement.
2. Providing for the life, growth, health and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
3. The removal of trimmings, rubbish, debris and other solid waste.

4. The cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti.

Note: There are no new landscaping and ornamental structure zones in Fiscal Year 2026/2027.

C. PLANS AND SPECIFICATION

The plans and specifications showing and describing the general nature, location and extent of the improvements are on file in the office of the City Clerk and are incorporated herein by reference.

IV. METHOD OF APPORTIONMENT

The net amount to be assessed upon lands within the District in accordance with this Report is apportioned by a formula and method which fairly distributes the amount among all assessable lots or parcels in proportion to the estimated special benefits to be received by each lot or parcel from the improvements, namely the maintenance and servicing of public street lighting and appurtenant facilities within the District. The maintenance and servicing of public lighting and appurtenant facilities installed and constructed in public places in the District provides a special benefit which is received by each and every assessed lot or parcel within the specified zones of benefit in the District, tending to specifically enhance their value. The streets within the District provide access to all lots or parcels assessed. Streetlights improve ingress and egress from such lots or parcels by illuminating access after sunset. Such streetlights, by so improving ingress and egress, improve the security of such lots or parcels by improving the nighttime visibility of such lots or parcels and improve the access of emergency vehicles thereto and in the case of commercial lots or parcels, facilitate the opening and operation of business uses after sunset.

The primary benefits of street lighting are convenience, safety, security and protection of property, property improvements and goods as set forth below:

1. Improvement to traffic circulation and reduction in night-time accidents and attendant human misery and decrease in personal property loss.
2. Less vulnerability to criminal assault at night.
3. Promotion of business during nighttime hours.
4. Improved ingress and egress to lots and parcels.
5. Reduction in vandalism and other criminal acts resulting in damage to improvements.

A. ZONES

The 1972 Act provides for areas within a District to be classified into different zones. The District is divided into sixteen (16) existing lighting benefit zones and three (3) existing landscaping zones. These zones are labeled 1 through 16, inclusive; and 82 through 85, inclusive, excepting 83. The zones are described as follows:

Zone 1 - Properties fronting on or generally within 200 feet of Hobsonway from the west boundary of Annexation 43 to 600 feet east of Intake Boulevard.

Zone 2 - All properties generally within 200 feet of the streetlight at the intersection of Riverside Avenue and Intake Boulevard.

Zone 3 - All properties generally within 200 feet of the streetlights in the Bell Lane area.

Zone 4 - Those properties within 200 feet of the streetlights along the frontage of Riviera Drive.

Zone 5 - The first and second phases of the Palo Verde Oasis tract located on the south side of Hobsonway, just west of DeFrain Boulevard.

Zone 82 - (Landscaping) Same boundary as Zone 9, with the same tract map and lot numbers shown above. The landscaping for this Zone is currently maintained by a Homeowners Association.

Zone 84 - (Landscaping) Same boundary as Zone 14 with the same tract map and lot numbers shown above.

Zone 85 - (Landscaping) Same boundary as Zone 15 with the same tract map and lot numbers shown above.

B. ASSESSMENT FORMULA

The basic formula used to calculate the amount spread to each parcel within the District for street lighting starts with the basic assessment unit. The basic assessment unit (AU) is given a value of one (1) for a single-family residential parcel. From this base, the remaining parcels are related according to their equivalent benefit within the District. The assignment of assessment units is shown in Table I below.

WILLDAN

Table I
ASSESSMENT UNIT CHART

Land Use	Land Use Code	AU	Per
Single Family Residential	1	1.00	Parcel
Duplex, Triplex, Fourplex (1)	2, 3, 4	0.80	DU
Apartments: Standard (Five or more units) (2)	5	0.60	DU
Apartments: Studio Units (Five or more units) (2)	6	0.40	DU
Mobile Home: Park or Separate Lot (1)	7	0.80	Unit
Recreational Vehicle Park (3)	8	0.30	Space
Commercial (4)	10	5.00	Acre
Exempt Parcels (Homeowner's Association Parcels)	20	0.00	Parcel
Public Parcels (City, County, Water District, etc.) (5)	Shall be assessed at the same rate as similar non-public parcels (e.g., City Hall would be assigned at the same rate as a parcel with commercial use - 5 AU's per acre).		
Vacant (Any land use) (6)	22	0.50	Parcel
Public Utilities (7)	30	5.00	Acre
Churches, Fraternal Organizations (8)	40	1.00	Parcel
Railroad, PVID Property (9)	50	2.50	Acre
Agricultural Uses (10)	60	0.25	Acre

Notes:

1. DU = Dwelling Unit. Duplex, triplex, fourplex and mobile home parcels, as well as each space in a mobile home park, are assessed at a rate of 0.80 AU per parcel/space because such units are generally smaller than single-family residences.
2. The assessment formula for standard apartment complexes is 0.60 AU per DU. Apartment units are assessed less than a single family dwelling because such units generally have a greater density per parcel than SFR's, are often located on upper stories, may be located a great distance from public rights-of-way, and generally are smaller units (in terms of floor area) than SFR' s. Studio apartment complexes are assessed at a rate of 0.40 AU per DU because these units are generally smaller than standard apartment units with a single room living area with a bathroom and a small closet.
3. Recreational vehicle (RV) park parcels are assessed at a rate of 0.30 AU per space because RV parks tend to have seasonal business and often have a high number of vacancies. Therefore, they are assessed at a substantially lower rate than mobile home parks.
4. Commercial parcels are assessed at a rate of five (5) units per acre. This is based on the basic assessment unit applied to an average 65-foot by 100-foot (6,500 square feet) residential parcel. If an additional area allowance of 20 percent (20%) is added to the average residential parcel to account for public streets, the total area per average residential parcel becomes 7,800 square feet. Since there are 5.6 such parcels per acre, the number of assessment units is rounded down to five (5) per acre, with a minimum of 1.00 AU per parcel, and applied to non-vacant commercial property.
5. Parcels owned by public agencies such as the federal government, states, counties, cities, water District, irrigation District, etc. are subject to assessment unless it can be shown that the parcel receives no special benefit from the facilities being maintained and serviced with the assessment proceeds.
6. Vacant parcels are assessed 0.50 units per parcel for street lighting. Said vacant parcels do receive a special benefit from streetlights which tends to reduce vandalism and trash dumping in spite of the fact that they are not developed.
7. Public utility parcels are assessed in the same manner as commercial properties.

8. Churches and fraternal organizations are assessed at 1.00 AU per parcel because they generally have less intensive usage of the land than other non-residential uses, such as commercial parcels, and therefore benefit less from the improvements.
9. Railroad and Palo Verde Irrigation District (PVID) parcels are assessed at one-half the amount applied to commercial properties or public utilities because their parcels are railroad track or irrigation canal rights-of way which receive a safety benefit due to grade crossing lighting (RR) or general lighting (PVID), but whose improvements are less susceptible to vandalism than commercial property improvements.
10. Agricultural parcels can have different types of use. Agricultural properties with no residence are assessed 0.25 AU per acre with a minimum of 0.50 AU per parcel (similar to other vacant property). Agricultural parcels with residences are assessed 0.25 AU per acre with a minimum of 1.00 AU per residence per parcel (similar to other residential parcels).

1. Special Benefit Analysis

Special benefit is defined as a particular and distinct benefit over and above the general benefit conferred on real property located in the District or to the public at large. General enhancement of property value does not constitute special benefit. Only special benefits are assessable, and the District must separate the special benefits from the general benefits conferred on a parcel.

General benefit is gained by lots or parcels outside of the District and by the general public. That is, lots or parcels outside of the zone in question, or a member of the general public that occasionally uses the street improvements within that zone, are gaining a benefit that is general in nature and for which cannot be assessed.

The maintenance and servicing of public landscaping, ornamental structures, and appurtenant facilities installed and constructed in and along public roadways, streets and rights-of-way in the City provides a special benefit which is received by each and every lot or parcel within the specified zones of benefit in the District, tending to enhance their value. Landscaping within the District enhances the aesthetic appeal of parcels within the landscaping zones. In addition, landscaping and ornamental structures improve erosion resistance and dust control. The streets within the District provide access to all lots or parcels assessed.

The primary benefits of landscaping are as set forth below:

1. Improved aesthetic appeal of nearby parcels.
2. Improved erosion resistance.
3. Improved dust control.
4. Enhancement of the value of property which results from the foregoing benefits.

In general, there is no component of general benefit for landscaping since each landscaping zone is set up on a tract-by-tract basis, thereby generating special benefit only.

Concerning this District, the general benefit component of the total benefit to each lot or parcel gained from street lighting is determined from the classification of each street which has public streetlights. It follows that when a street is used between sunset and sunrise, streetlighting is also used and is of benefit. The City has five (5) separate street classifications, which are discussed below.

Starting with the lowest classification first, the benefit derived from street lighting by properties fronting on or in close proximity to Local (residential) Streets is readily determined to be 100% special benefit because all trips on Local Streets end on those streets with no "pass-through" trips.

The benefit derived by parcels or lots fronting on or in close proximity to streetlights on Collector Streets is determined to be 95% special benefit because approximately 95% of the trips on Collector Streets end on or near such streets. It is estimated that 5% of the trips on Collector Streets are "pass-through" trips, which represent general benefit.

The benefit derived from parcels or lots fronting on, or in close proximity to, streetlights on Major Collector Streets is determined to be 90% special benefit because approximately 90% of the trips on Major Collector Streets end on or near such streets. It is estimated that 10% of the trips on Major Collector Streets are "pass-through" trips which represent general benefit.

The benefit derived from parcels or lots fronting on, or in close proximity to, streetlights on Arterial Streets is determined to be 85% special benefit because approximately 85% of the trips on Arterial Streets end on or near such streets. It is estimated that 15% of the trips on Arterial Streets are "pass-through" trips, which represent general benefit.

The benefit derived from parcels or lots fronting on, or in close proximity to, streetlights on Major Arterial Streets is determined to be 80% special benefit because approximately 80% of the trips on Major Arterial Streets end on or near such streets. It is estimated that 20% of the trips on Major Arterial Streets are "pass-through" trips, which represent general benefit.

If a parcel is located at an intersection of two streets with different classifications, the higher classification shall govern for establishing an assessment.

Street Classification	General Benefit (%)	Examples
Major Arteries (96' R/W)	20%	
Arterial (94' R/W)	15%	Hobsonway, Intake Boulevard, 14th Avenue, 7th Street
Major Collector (80' R/W)	10%	Chanslor Way (Riverside Avenue)
Collector (74' R/W)	5%	Wells Road, 4th Avenue, Dekens Court
Local (60' R/W)	0%	Riviera Drive, Bell Lane, Briar Lane, Juan Circle, Toro Circle, Lido Lane, Arrowhead Boulevard

2. Assessment of Public Property

Since the passage of Proposition 218 in November of 1996, it has been required that lots and parcels owned by public agencies be assessed in the same manner and by the same formula as all other property. However, in order to be assessed any lot or parcel must receive a distinct and special benefit from the facilities and improvements which are being maintained and serviced by the assessment District proceeds. An example of a public parcel which would be subject to assessment would be a City-owned vacant parcel which is near a streetlight. That vacant parcel would be assessed at a rate of 0.50 AU just as a privately-owned vacant parcel would be.

3. Assessment Examples

Lighting

The number of assessment units (AU) generated within Zone 1 is 445.17. The dollars required in Zone 1 are $8,832.17. The assessment rate per AU is:

$8,832.17 / 445.17 AU = $19.84 / AU

Example A: Commercial property on a 0.75-acre parcel within Zone 1.

Assessment Unit Chart shows commercial property is assessed at a rate of five (5) AU per acre.

Formula:

0.75 Acres x 5 AU/Acre = 3.75 AU

The Fiscal Year 2026/2027 assessment for this commercial parcel is:

3.75 AU x $19.84/AU = $74.40

Example B: Standard apartment complex with 22-dwelling units on one (1) parcel within Zone 1.

Assessment Unit Chart shows an apartment complex is assessed at the rate of 0.6 AU per dwelling unit:

Formula:

22 DU x 0.6 AU/DU = 13.20 AU

The assessment for this apartment complex for Fiscal Year 2026/2027 is:

13.20 AU x $19.84/AU = $261.88

Landscaping

The number of assessment units (AU) generated within Zone 85 is 42.00. The funding required in Zone 85 is $5,944.68. The dollar value of each AU is:

$5,944.68 / 42.00 AU = $141.54 / AU

Each residence in Zone 85 is assessed for one AU, or $141.54.

Note: If any assessment amount is an odd penny, it will be rounded down to an even penny as the County of Riverside does not accept odd cents and a parcel cannot be assessed over maximum.

C. LIMITATIONS ON INCREASE OF ANNUAL ASSESSMENT

Generally, any new or increased assessments require certain noticing, meeting, and balloting requirements by law. However, the Brown Act (Government Code Section 54954.6(o)) provides that a "new or increased assessment" does not include "an assessment which does not exceed an assessment formula or range of assessments previously adopted by the City or approved by the voters in the area where the assessment is imposed". This definition for a new or increased assessment was also addressed in Senate Bill 919 (the implementing legislation for Proposition 218).

If the proposed assessment (Rate per AU) for the current fiscal year is less than or equal to the maximum assessment established in the prior fiscal year plus the adjustments described in the following paragraph, then the new assessment is not considered an increased assessment. This assessment range formula provides for reasonable increases and inflationary adjustments to the assessment amounts without requiring costly noticing, balloting, and mailing procedures, which would be added to the Districts' costs and assessments.

The following describes the assessment range formula for all zones within the District. The City Council will automatically increase assessments in accordance with the Consumer Price Index for all Urban Consumers for the Riverside-San Bernardino-Ontario, CA, ("CPI") published by the United States Department of Labor, Bureau of Labor Statistics; from March to March provided however, that any

such annual increase shall not exceed five percent (5.00%). The annual percentage change used for Fiscal Year 2026/2027 is 3.09%

V. DISTRICT BUDGET

The estimated cost requirements for Fiscal Year 2026/2027, for the improvements described in the "Improvements" section of this Report, are summarized in the tables below. Estimated costs are shown for each benefit zone and for incidental costs to be funded by the District.

Note: Incidental Costs are prorated among the zones of benefit in proportion to their respective servicing and maintenance costs.

VI. ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Riverside County Assessor's Parcel Maps for the year in which this Report is prepared. The land use classification and specific parcel data for each parcel is based on property information available from the Riverside County Assessor's Office or provided by the City, and by reference is made part of this Report. A listing of parcels to be assessed within this District for Fiscal Year 2026/2027, along with the proposed assessment amounts is provided on the following pages.

Approval of this Report (as submitted or as modified) confirms the method of apportionment and the proposed assessment rates to be levied against each eligible parcel within the District and thereby constitutes the approved levy and collection of assessments for Fiscal Year 2026/2027. The parcels and the amount of assessment to be levied shall be submitted to the Riverside County Auditor/Controller and included on the property tax roll for the fiscal year.

If any parcel submitted for collection is identified by the Riverside County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel number will be identified and resubmitted to the Riverside County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

CITY OF BLYTHE
CITY COUNCIL MEETING

STAFF REPORT

MEETING DATE: July 14, 2026

SUBJECT: Palo Verde Hospital Ad Hoc Committee Update

PRESENTED BY: Mallory Crecelius, Interim City Manager

PREPARED BY: Mallory Crecelius, Interim City Manager

RECOMMENDATION: It is recommended Council receive and file the report.

FISCAL IMPACT: None

BACKGROUND: After receiving information from concerned citizens related to the financial state of the Palo Verde Healthcare District, the City contacted Riverside County Supervisor V. Manual Perez's Office to offer assistance and request assistance in identifying an oversight body for the Palo Verde Healthcare District.

After learning the hospital had shuttered operations except for the Emergency Room, Laboratory and Radiology, City officials contacted State and Federal officials requesting assistance. The City sent a letter to the Riverside Local Agency Formation Commission (LAFCO) requesting that LAFCO conduct a Municipal Service Review (MSR) of the Palo Verde Healthcare District. The item was placed on June 26, 2025, Agenda and the Commissioners unanimously voted to direct staff to proceed with the MSR.

On September 25, 2025, the MSR report was presented to the LAFCO Board of Directors. The LAFCO Commissioners requested a dissolution plan that includes establishing a successor agency. Once a successor is in place, LAFCO will move to dissolve the Palo Verde Healthcare District. The County of Riverside, in partnership with the City of Blythe, formed a joint working group to develop a succession plan. Later, the Palo Verde Health Care District Board of Directors field Chapter 9 Bankruptcy further complicating matters.

On January 7, 2026, the Palo Verde Health Care District Board of Directors posted an Emergency Meeting notice. The Staff report stated the hospital would close on Saturday, January 10, unless $2 million was obtained. In a Special Meeting on January 9, 2026, the City Council voted to provide Bridge Loan Funding in the amount of $330,000 to keep the hospital operational for another week to allow time for the County to come in and assist. The Loan was contingent upon the Board allowing the County to provide oversight and the day-to-day management of the hospital.

On January 27, 2026, the County Board of Supervisors ratified a $1 million loan to the PVHD and approved a strike force led by the Riverside University Heath System to independently stabilize and manage the Palo Verde Hospital Emergency Department for a period of 180 days.

STAFF REPORT: The Ad Hoc Committee will provide an update.

CITY COUNCIL MEETING

STAFF REPORT

MEETING DATE: July 14, 2026

SUBJECT: Issuance of a Commercial Cannabis Business Cultivation Permit to Edelweiss Expansion LLC at 1455 W. Hobsonway

PRESENTED BY: Mallory Crecelius, Interim City Manager

PREPARED BY: Mallory Crecelius, Interim City Manager

RECOMMENDATION: It is recommended that Council approve the issuance of a Commercial Cannabis Cultivation Permit to Edelweiss Expansion LLC for the expansion of the commercial cannabis cultivation operation at 1455 W. Hobsonway in Blythe.

If approved by Council, the Commercial Cannabis Cultivation Permit will be issued once Business License fees have been paid and the State Cannabis License is awarded.

FISCAL IMPACT: Additional cannabis tax revenue from Edelweiss once the second phase of the development is operational.

BACKGROUND: In 2017, the City Council adopted Ordinance No. 883-17 establishing regulations for commercial cannabis activity within the City of Blythe. The provisions of Ordinance No. 883-17 are codified in Chapter 5.10 (Commercial Cannabis Activity) of Title 5 (Business Licenses and Regulations) and Chapter 17.63E (Commercial Cannabis Related Uses and Activity) of Title 17 (Zoning) of the Blythe Municipal Code (BMC). The City Council also adopted, by resolution, regulations for permitting such businesses. In February 2023, the City Council adopted Ordinance No. 920-23, amending Chapter 5.10 of the BMC for consistency with State law. Pursuant to Chapter 5.10 of the BMC, there are no limits on the number of cannabis cultivation, manufacturer or distributor business permits that may be awarded by the City Council. Applications for commercial cannabis cultivation, manufacturer, and distributor permits are processed on an on-going basis.

On September 12, 2023, Edelweiss Enterprises, LLC was awarded a Commercial Cannabis Business Permit for a Cultivation and Distribution operation to be located in a vacant building at 1455 W. Hobsonway (the former Kmart) after successfully completing the City's commercial cannabis licensing process. On March 24, 2025, a Business License was issued to Edelweiss Enterprises, LLC for cannabis cultivation at that site. Edelweiss has been in business since that time.

Earlier this year, Edelweiss contacted the City about expanding their operation at their current location. They are currently operating under a State license which allows for a cultivation site with up to 22,000 square feet of canopy. Edelweiss wished to add an additional 13,000 square feet of canopy to their existing operation. To expand, the State is requiring Edelweiss to establish a separate "premises" at their location and apply for an additional cannabis license. Had the State not had these requirements, Edelweiss

would have been allowed to expand their operation at the existing site under the Cannabis Business Permit previously issued by the City. As the State is requiring a separate license, the City asked Edelweiss to submit a Commercial Cannabis Cultivation Application to the City for review and approval.

STAFF REPORT: To complete the expansion of the Edelweiss cultivation operation, Patrick Kelly, James Shaffer, and Shaenon Adamson submitted an application for a Commercial Cannabis Business Permit for a cultivation operation at 1455 W. Hobsonway. The site is legally described as APN 836-180-022 and is zoned General Commercial (C-G) which allows for the development of commercial cannabis businesses. The site is currently in operation as a commercial cannabis cultivation facility operated by the above principals.

Staff met with principals of Edelweiss Expansion who provided the information necessary to complete the Commercial Cannabis Cultivation Application process. Principals for Edelweiss previously completed a background investigation in which nothing was found to preclude them from being issued a Commercial Cannabis Business Permit. On June 30, 2026, staff met with principals of Edelweiss for the Phase III interview required of the application process. Staff recommends that Council approve the issuance of an additional Commercial Cannabis Cultivation Permit to Edelweiss for the expansion of the commercial cannabis cultivation operation at 1455 W. Hobsonway in Blythe.

MEETING DATE: July 14, 2026

SUBJECT: Introduction of Ordinance No. 946-26 Prohibiting the Sale and Distribution of Kratom Products in the City of Blythe

PRESENTED BY: Mallory Crecelius, Interim City Manager

PREPARED BY: Mallory Crecelius, Interim City Manager
Brittany Roberto, City Attorney

RECOMMENDATION: It is recommended that the City Council introduce Ordinance No. 946-26:

ORDINANCE NO. 946-26. AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BLYTHE, CALIFORNIA, ADDING A NEW CHAPTER 9.96 (PROHIBITION ON SALE AND DISTRIBUTION OF KRATOM PRODUCTS) TO ARTICLE IX (MISCELLANEOUS) OF TITLE 9 (PUBLIC PEACE, MORALS AND WELFARE) OF THE BLYTHE MUNICIPAL CODE AND FINDING THE ORDINANCE IS EXEMPT FROM ENVIRONMENTAL REVIEW UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PURSUANT TO CEQA GUIDELINES SECTION 15061(b)(3) (COMMON SENSE EXEMPTION)

FISCAL IMPACT: None

BACKGROUND: Kratom is a tropical tree (mitragyna speciosa) native to Southeast Asia with opioid effects due to its active compounds of mitragynine and 7-hydroxymitragynine (7-OH). According to the United States Drug Enforcement Administration (DEA), consumption of its leaves produces both stimulant effects (in low doses) and sedative effects (in high doses), and can lead to psychotic symptoms, and psychological and physiological dependence. Kratom and 7-OH are not approved by the Food and Drug Administration (FDA) as a food, drug, or dietary supplement. Kratom is often found in energy drinks and pills at gas stations, smoke shops and other retail and online venues. Narcotics experts believe that high concentrate 7-OH can have similar effects as opioids, creating withdrawal, dependency and, in some cases, overdose.

Kratom is largely unregulated in the United States, but rising concerns and health risks including addiction, overdose, liver injury and death have prompted new federal and state regulation efforts. In July 2025, the FDA issued warning letters to companies for illegally marketing products containing 7-OH and recommended that the DEA place 7-OH products on the controlled substances list. In October 2025, the California Department of Public Health (CDPH) issued a statewide consumer warning declaring that foods, dietary supplements, and medical drugs containing kratom or 7-OH are dangerous and illegal to sell in California. As of March 2026, CDPH had seized more than $5 million worth of kratom and 7-OH products under its authority pursuant to the Sherman Food, Drug, and Cosmetic Act. Several counties and cities in California have adopted ordinances to regulate or ban kratom products, recognizing the need to protect public health and safety, especially among vulnerable populations. In October 2025, the Riverside County Board of Supervisors adopted Ordinance No. 1004 to prohibit the sale

or distribution of any kratom product or 7-OH product to a person under 21 years of age, and to prohibit the sale or distribution of any kratom product or 7-OH product with a level of 7-OH that is greater than 2% of the total kratom alkaloids in the product.

Earlier this year, Council directed staff to prepare an ordinance regulating the sale of kratom products modeled after the Riverside County Ordinance.

STAFF REPORT: The Riverside County Ordinance sets a minimum purchase age of 21 for kratom and 7-OH products, prohibits the sale or distribution of products with a level of 7-OH that is greater than 2% of the of the total kratom alkaloids, prohibits the sale or distribution of kratom or 7-OH products that are attractive to children (as defined), prohibits the sale of synthetic kratom products, requires age verification and establishes penalties to ensure safe marketing and protection of minors.

The attached proposed Ordinance largely mirrors the Riverside County Ordinance related to the prohibition on the sale and distribution of kratom and 7-OH products. The main substantive difference between the proposed City Ordinance and the Riverside County Ordinance is that the County Ordinance prohibits the sale of products with a level of 7-OH greater than 2%. After further discussion with the Blythe Police Department, staff believes enforcement of a 2% 7-OH level in kratom products would not be practical, in that vendors would intentionally misrepresent the true concentration of 7-OH in their products and laboratory testing of suspect products would be time consuming and expensive. Other local law enforcement agencies in the County of Riverside, including the City of Riverside, have taken a similar position. Instead, the City's Ordinance, as presented, limits the sale of kratom and 7-OH products to those 21 years of age or older.

Therefore, it is recommended that the City Council introduce Ordinance No. 946-26.

WHEREAS, kratom and 7-OH are not approved by the Food and Drug Administration (FDA) as a food, drug, or dietary supplement; and

WHEREAS, in July 2025, the FDA issued warning letters to companies for illegally marketing products containing 7-OH and recommended that the DEA place 7-OH products on the controlled substances list; and

WHEREAS, health advisories have consistently raised concerns regarding kratom products with higher concentrations of 7-OH, which increase the potential for abuse and harm to public health; and

WHEREAS, the State of California does not currently regulate kratom or kratom products; and

WHEREAS, in October 2025, the California Department of Public Health (CDPH) issued a statewide consumer warning declaring that foods, dietary supplements, and medical drugs containing kratom or 7-OH are dangerous and illegal to sell in California. As of March 2026, CDPH had seized more than $5 million worth of kratom and 7-OH products under its authority pursuant to the Sherman Food, Drug, and Cosmetic Act; and

WHEREAS, restricting the sale and distribution of kratom and kratom products within the City of Blythe will promote the health, safety, and welfare of the community; and

WHEREAS, all legal requirements prior to the adoption of this Ordinance have occurred.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF BLYTHE DOES HEREBY ORDAIN AS FOLLOWS:
