

AB 481 Annual Military Equipment Report

Assembly Bill 481 ("AB 481"), codified at Sections 7070 through 7075 of the California Government Code, requires law enforcement agencies to obtain approval from their governing bodies of military equipment use policies before purchasing, raising funds for, or acquiring military equipment. This initial policy must be passed via ordinance and reviewed and renewed by the governing body each year. AB 481 provides an expansive definition of "military equipment" that includes many items which law enforcement agencies use, deploy, and obtain on a regular basis. The law enforcement agency is required to return annually to provide an annual military equipment report ("Annual Report") to the governing body and the public at large. The agency is also required to host a community engagement meeting for members of the public to attend.

On May 10, 2022, the City Council of the City of Blythe adopted Ordinance No. 915-22 adopting a Military Equipment Use Policy ("Policy") governing the use of items that are deemed "military equipment" under AB 481. The Policy was effective as of June 10, 2022. On August 8, 2023, the City Council adopted Ordinance No. 922-23, amending the Policy to amend the military equipment inventory list. On July 9, 2024, the City Council adopted Ordinance No. 930-24, amending the Policy to amend the military equipment inventory list. Since the initial adoption of the Policy, the Blythe Police Department (BPD) has successfully maintained the military equipment in accordance with the Policy. This Annual Report has been prepared in accordance with California Government Code section 7072(a). The BPD will host a community engagement meeting on April 15, 2025, from 9:30 AM to 10:30 AM, in the City Council Chambers, located at 235 N. Broadway, Blythe, CA.

The following constitutes the BPD's Annual Report:

(i) Armored Vehicles
